EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows to correct informal matters and antecedent basis issues:

Claim 6, line 1: "the" was deleted before "preferable" and --a-- was inserted.

Claim 6, line 2: "slected" was deleted and --selected-- was inserted.

3. The following is an examiner's statement of **reasons for allowance**:

Claim 1 – While it is known in the art to laminate glass sheets by placing a second glass sheet onto a first glass sheet with a film therebetween and subjecting the assembly to microwave radiation heating and pressing to bond the sheets to the film, as taught by WO 88/03517 to Finch (abstract; p. 4, lines 29 – p. 5, line 17) and WO 98/40324 to Davies et al. (abstract; p. 5, lines 7-8 and 23-25), the prior art fails to teach or suggest placing the film over one surface of the first glass sheet, heating the film with microwave radiation to a bonding temperature, pressing the heated film to the one surface, and cooling the pressed film whereby a bond is attained between the film and the one surface before the second glass sheet is placed onto the film.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
